Sara and ARI

“I like ARI the most because of its sociability and user-friendliness that motivates me to interact with it.”

Sara Cooper
Robotics Software Engineer

Elitsa and TIAGo

“I like TIAGo’s social application and in my opinion, TIAGo can improve human lifes by helping and supporting us.”

Elitsa Dimitrova
Marketing

Karol and TIAGo

“I like TIAGo because it's a robot that can adapt to different fields and nowadays TIAGo is taking part in many research projects.”

Karol Cancino
Administration

Yue and StockBot

“StockBot is my favourite robot as it is tall, thin, lightweight, sporty and the future of retail!”

Yue Erro

Technical QA Engineer

Maria and REEM

"REEM is my favourite robot, he's elegant, there is just no one like him. His movements are gracious and precise, the conversations with him are pleasant with a touch of humor you would never expect! "

Maria Rodriguez
Reception

Sofia and TIAGo Base

“I love TIAGo Base because its so simple and can make your life easier - it will take you and bring you whatever you want!”

Sofia Martin

Administration and Accounts

Anna and ARI

“My favorite robot is ARI because he looks good next to me.”

Anna Pallerols
Project Management Officer

Karina and ARI

"I like ARI because she is created to bring joy to the world and interacting with her is very easy for everyone."

Karina Khodzhakulieva
Web Designer

Lorna and REEM

"I love REEM as I see him every day around the office and he has been key in so many research projects to date."

Lorna McKinlay
Corporate Communications

Sarah and TIAGo

“I am proud of TIAGo as its the demonstrator in most of the 15 EU projects we are running currently.”

Sarah Terreri
EU Project Manager

A human hand is shown holding a white robotic hand. The background is a soft-focus image of the robotic hand's arm and torso. The text 'Thank you!' is overlaid in a large, white, sans-serif font.

Thank you!
